

Another two incredible offers from BT

Discounts at 33%

1 Until the end of June, BT is announcing a great BTnet offer on 10, 30 & 100Mbps Ethernet bearers.

BTnet is now offering the equivalent of a **33% discount** off the bandwidth element of BTnet prices for specific bandwidth speeds.

This means you get:

- 9Mbps for the price of 6Mbps
- 30Mbps for the price of 20Mbps
- 60Mbps for the price of 40Mbps

Free BTnet Connection

2 Throughout June, BT is offering free connection on one-year contracts for BTnet services on 10Mbps, 30Mbps & 100Mbps bearers.

This offer applies when customers order 10Mbps of Internet Bandwidth on a 10Mb bearer; 20Mbps of Internet Bandwidth on a 30Mb bearer; or 15 Mbps on a 100Mbps bearer for the duration of the 12 month term.

This free connection offer is subject to the minimum 12 month term.

What is BTnet?

BTnet is BT's flagship leased line Internet access product. It offers highly reliable and flexible fixed Internet access services for your business over a wide range of technologies across the UK.

Other useful information

For information on BT's new 500Mbps BTnet service, call our Sales department now. Provisions are subject to a site survey. Offers are valid until June 30th 2009. Each offer is independent of the other and offers cannot be combined.
